GUIDANCE COUNSELORS

August 1, 2018

Greetings Parents and Students:

I hope that you are enjoying your summer vacation and that you are looking forward to the start of the upcoming school year. We had another successful year at Maple Hill High School and are looking forward to continuing that success this upcoming year. There have been many changes here at the new Maple Hill Jr./Sr. High School throughout the summer, and we are looking forward to your return to the classrooms on **Thursday, September 6th**. We have had the opportunity to meet many of you through the years and Mrs. Sullivan and I are looking forward to being your principals at the start of the upcoming school year.

There are currently exam reviews taking place through distance learning for the August Regents. Anyone interested in taking an August exam should contact the main office. This year, all of our students will be given their Chromebooks back for use throughout the school year. Please note, if students did not return their charger and/or their computer at the end of the 17-18 school year, they may not receive a replacement in September.

Enclosed, you will find your tentative schedule for this school year. Please check it carefully. Every effort was made to schedule all classes you requested and there are some electives that currently still have openings. If you have room in your schedules, please look at the enclosed offerings and when they are available. If there is an elective that you would like to take, contact the counseling center and they will do their best to accommodate you without making major changes to your core courses. Final schedules will be distributed to all students on the opening day of school.

Your transcript has been posted to both the student and parent portal. Your transcript is a snapshot of your FOUR years of high school. It is important to remember that your cumulative GPA in conjunction with the courses that you take has a great impact on college acceptance. Colleges not only look at GPA, but also want to see if you have challenged yourself to the best of your ability during high school. I strongly encourage you to enroll in elective courses if your schedule permits.

In addition to academics, we stress the importance of becoming involved with school activities and athletics. Being a student at Maple Hill is more than grades; we want to see students that are engaged in school functions outside of the classroom. It is very important that our students keep accurate account of school activities and involvement in the community as they will be able to add this to their resumes and list of accomplishments as they apply to college, jobs, and competitive organizations.

All students will receive a master lock and their new locker assignment during our class meetings on opening day. Returning high school students, should bring their lock that was issued last year. Only school issued locks will be allowed, all others will be removed.

GUIDANCE COUNSELORS

Students who drive to school on a regular basis are required to register their cars including students that had their cars registered last year. Parking registration forms can be found on the high school main web page. If you will be driving to school, please complete the form and return it to the office with a copy of your license, registration and insurance. Students will be expected to park in the designated student parking spaces. Driving to school is a privilege, and students are expected to be in school and class on time to maintain that privilege.

Please note: Due to the construction, student parking may be limited at the start of the school year. Further communication will occur later in the summer in regards to parking. Parking permit applications can be submitted to the main office starting on **Monday, August 27th**.

Maple Hill Jr./Sr. High School will continue communication with parents and students through monthly eNews emails and our website as well as the e-school parent/student portal. You can also "Like" the Schodack Central School District on [Facebook](#) or follow our Twitter page [@MapleHill\\_HS](#). Information regarding e-school portal can be found at [www.schodack.k12.ny.us](http://www.schodack.k12.ny.us).

There are three separate Chemical Health programs at the beginning of each sports season. If you plan to participate in sports during the 2018-19 school year, you and a parent are expected to attend this workshop prior to your sports season. The Fall Chemical Health Night is **Thursday, August 16th at 6:00 p.m.** in the auditorium. The fall sports "Meet the Coaches" meeting will follow the program.

Enjoy the remaining days of your summer vacation! We are looking forward to a new and exciting 2018-19 school year. I am looking forward to seeing you all in a few weeks.

Sincerely,

Jacqueline Hill

Principal
