

LIABILITY INSURANCE FOR USERS OF DISTRICT'S FACILITIES

Liability insurance shall be required of all users of the District's buildings and athletic facilities, unless the Board exempts a user from the liability insurance requirements. See Board policy on "Use of School Buildings and Athletic Facilities."

The District reserves the right to require any individual or group using the District's buildings or athletic facilities to provide evidence of adequate liability insurance to protect the District against liability, property damage, personal injuries and damages arising from the individual's or group's use of such facilities. The District has complete and unreviewable discretion to determine what constitutes adequate liability insurance for each proposed use. Unless exempt, all users of the District's buildings and athletic facilities shall provide a certificate of insurance and a copy of a current liability insurance policy with the following provisions:

1. That the Schodack Central School District, its Board, its employees and its volunteers are named as additional insureds under such liability insurance.
2. That the liability insurance covers claims brought by the participants of any athletic or other event sponsored by the insured.
3. That the Schodack Central School District shall receive written notice at least thirty (30) days prior to the effective date of any reduction, cancellation, or termination of such liability insurance.

A copy of the District's current insurance coverage requirements for users of its buildings and athletic facilities may be obtained from the District's business office.
