

## How do you know a college is right for you?

When college reps visit Maple Hill, they meet with interested students to discuss topics such as their academic programs, campus life, financial aid, and admission procedures of their college. Even with so much information already available on college websites, some reasons why juniors and seniors are encouraged to attend these visits are:

1. Students will meet virtually with a rep and can ask specific questions.
2. In many cases, the rep is the admission officer for the college, so students have a unique opportunity to make contact with the person who may be evaluating their application in the future.
3. The meeting provides a specific contact you can send questions to.
4. If you are seriously interested in a particular college, you can let them know.
5. Sometimes reps will give students an early read on transcripts, test scores and course selections to help the student assess their fit at that college and figure out how to improve chances of getting in.

**If you would like to attend a visit, please get a pass from the Guidance Office or have your teacher call us.**
